

Analysis in Government Awards 2021 Shortlist

PUBLISHED NOV 25, 2021
BY [GOV.UK](https://gov.uk)

We'd like to say a big thank you to everyone who has submitted a nomination for the Analysis In Government Awards. We have received over 130 nominations; an indication of just how important government analysis has been this year.

There are six separate awards which will be presented to individuals and teams from across the Analysis Function and you can find the shortlisted entries under each category.

Award categories

The Professor Sir Ian award recognises an individual that has displayed excellence in championing, promoting or growing the Analysis Function. This could be by highlighting analysis across government, developing our people, inspiring analysts, or delivering better outcomes for the citizen.

The shortlisted entries are:

Quality assurance overhaul - Sophie Skillings, Department for Levelling up, Housing and Communities

Improving border security through innovative and collaborative analysis - Amy Thomas, Home Office

Data Science Fellow Superhero - Stephen Simpkin, Essex County Council

Data Science capability and community work - Nikki Shorrocks, Department for Health and Social Care

Collaborations for Methodological excellence - Gary Brown, Office for National Statistics

Analysis Function Snapshot Workforce Data Product - Rhys

Jones, Office for National award recognises collaboration between teams, departments, other professions and/or external organisations/researchers to deliver a piece of analysis or analytical project.

The shortlisted entries are:

Music creators' earnings in the digital era - Intellectual Property Office

National operating theatre productivity data collection - NHS England and NHS Improvement

Public Health Data Asset (PHDA) project - Office for National Statistics

Economic activity and Social change in the UK - Office for National Statistics

Mental Health of Children and Young People in England 2021 - Office for National Statistics

Explore Education Statistics - Department for Education

Covid-19 Weekly Report and Dashboard - Foreign, Commonwealth & Development award recognises innovative methods of analysis which led to new insight, answered complex questions, or improved efficiency.

The shortlisted entries are:

GCSE attainment and lifetime earnings - Department for Education

Local Freight Tool environment - Transport for the North

NHS Early Warning System and NHS use of Oxford OpenABM - NHS England and NHS Improvement

International migration estimates in the absence of the International Passenger Survey (IPS) - Office for National Statistics

Estimating vehicle and pedestrian activity from town and city

traffic cameras - Office for National Statistics

Quantifying the impact of the COVID-19 vaccination programme on hospitalisations: A control cohort study using data linkage - NHS England and NHS award celebrates those who have successfully used clear communications to present analysis, considering needs of the audience. This could be an example of public-facing or internal communication within teams, departments or across professions.

The shortlisted entries are:

Covid-19 International Comparative Analysis - International Comparators Joint Unit, Cabinet Office and Foreign, Commonwealth & Development Office

Scotland's Population 2020 - National Records of Scotland

Census unearthed: explore 50 years of change from 1961 - Office for National Statistics

Irrecoverable income insurance for local government - Department for Levelling Up, Housing and Communities

The Business Insights and Conditions Survey (BICS) - Office for National Statistics

Cruise restart data monitoring pack - Department for Transport

Health and Social Care levy - HM Revenue and Customs

NHS COVID-19 Vaccine Equalities Tool - NHS England and NHS Improvement

ONS Opinions and Lifestyle Survey (OPN) - Office for National award recognises an outstanding contribution in making the Analysis Function a more inclusive function, reflective of the citizens we serve.

The shortlisted entries are:

Contribution to Diversity and Inclusion - Ministry of Defence

Analysis Function People Shadow Board - Cross-government

Champion for improving inclusivity - Welsh Government

ORR Diversity and Inclusion Network - Inclusion

Attract working group - Cross-Government

Bringing inclusion to life - Department for Business, Energy and Industrial Strategy

When will the winners be announced?

These shortlisted nominations will now be passed to an expert judging panel to decide on two highly commended nominations, one runner-up and one winner in each of the six categories. These winners will be announced at an exclusive awards ceremony in December.

Get your tickets for the Analysis in Government Awards ceremony 2021 today. The event is open to all to attend, so come along to celebrate with your colleagues.

If you are part of the Analysis Function and you would like to
