It's recognised that women are under-represented in senior strategic and management roles across the Civil Service.

Power to Progress is aimed at anyone who is interested in exploring how women in the Operational Delivery Profession can progress their careers towards the attainment of these higher-level roles.

Combining presentations from inspirational guest speakers and informative 'Power Hour' sessions, the event will offer delegates practical advice and coaching on achieving career development in times of change and explore how the challenges of modern leadership can be managed.
