UK Trade & Export Finance Forum, Thursday 17th November 2022

Once again, the UK Trade and Export Finance Forum will be held in hybrid format. The in-person event will be held at the QEII Centre, central London's largest dedicated conference and exhibition space, located in the heart of Westminster. We encourage delegates to attend in-person to fully benefit from the breadth of networking opportunities available, which includes over 32 dedicated meeting spaces.

Whether you are a UK supplier looking to export overseas or an international corporate considering long-term financing, this forum will provide you with insight and business connections to support you in your export journey.

What to expect

Now in its fifth year, the event will return in hybrid format, bringing together over 600 attendees online and in central London.

The Forum will explore the importance of realising the export potential of emerging net zero technologies. You'll hear about the UK government's support for new sectors and recent product developments to help companies making the transition to clean energy, with case studies from SME's to large corporates. The popular International Workshops will also return, giving unique insights into the opportunities within key trading markets globally.

How to register

Attendance is free of charge. Please register your interest to attend before 17:00 GMT Friday, 10th November 2022.
