

MEDIA ALERT: Lenovo Legion Slim 7 Gaming Laptop Features AMD Ryzen Mobile Processors

PUBLISHED OCT 22, 2020
BY [LENOVO](#)

Today, Lenovo™ announced its latest 15-inch gaming laptop, the Lenovo Legion™ Slim 7, fueled by the next-level AMD Ryzen™ 4000 H-Series Mobile Processors for the first time on this premium model. Paired with up to powerful NVIDIA® GeForce RTX™ 2060 with Max-Q Design GPU for real-time ray tracing, the Lenovo Legion Slim 7 is also the world's lightest 15-inch gaming laptop with NVIDIA GeForce RTX™.1 Now, gamers have more processor choices when selecting which Lenovo Legion's stylish and savage GeForce RTX™ gaming laptop is right for their needs.

Available in Slate Grey hue with up to AMD Ryzen 9 4900H Mobile Processor, this season's sleek design is decked to impress gamers and holiday shoppers with a more secure, integrated power button with fingerprint reader and the incredibly immersive sound of Dolby Atmos® Speaker System with Sound Radar by Dolby, all set inside Lenovo's well-designed acoustics chamber for reduced rattling and clearer audio.

Engineered for all-day productivity with Windows 10 Pro and increased gaming clock speeds at night, the new stylish and savage Lenovo Legion Slim 7 comes with a white backlit TrueStrike keyboard for a more mechanical feel of deeper key travel via second transition switches. With top-placed built-in webcam and privacy shutter, plus several 15.6-inch visual options to choose from, the Lenovo Legion Slim 7 is ideal for streamers and features up to a 4K (3840 x 2160) IPS VESA DisplayHDR 400 supported panel that's 500 nits bright, a 60Hz refresh rate, 100 percent Adobe RGB color gamut and

Dolby Vision® for spectacular ultravivid picture quality.

Crafted from aerospace-grade aluminum for extreme lightness and less bulk, the Lenovo Legion Slim 7 laptop is 17.9mm (0.71 inches) thin and weighs just 1.86 kg (3.96 lbs). All optimally cooled by Lenovo Legion Coldfront 2.0 to help you power through a heated in-game battle or heavy-duty workload, plus a 71WHr battery and up to 9.6 hours of battery life² and Rapid Charge Pro.³ Enjoy Bluetooth 5.1 and get up to 32GB 3200 MHz DDR4 of memory and 2TB M.2 NVMe PCIe SSD of storage.⁴ And for more reliable connectivity, opt for the Killer™ Wi-Fi 6 AX1650 module⁵ for lower latencies while gaming, streaming shows and creating content.

1 Based on research conducted by Lenovo (August 10, 2020) on consumer laptops sold by major gaming PC manufacturers shipping more than one million units worldwide annually.

2 All battery life claims are approximate and based on results using the MobileMark® 2018 v 1.0.2.46 battery life benchmark test. Actual battery life will vary and depends on many factors such as product configuration and usage, software use, wireless functionality, power management settings, and screen brightness. The maximum capacity of the battery will decrease with time and use.

3 Rapid Charge Pro enables the Lenovo laptop's power charging from zero percent to up to 50 percent battery life in less than 30 minutes. The maximum capacity of the battery will naturally decrease with time and usage. Adapter power required depends on GPU configuration; the Lenovo is included.

4 Actual available capacity is less and varies due to many factors, including formatting, partitioning and operating system, etc. which utilize part of this capacity. The available capacity may change with software updates.

5 Requires separately purchased Wi-Fi router and plan that may vary by location. Additional terms, conditions and/or charges apply. Wi-Fi 6 speeds are typically up to 9.6 Gbps compared to Wi-Fi 5 with up to 3.5 Gbps. Connection speeds will vary due to location, environment, network conditions and

other factors.

6 Prices may not include tax and do not include shipping or options and are subject to change without notice; additional terms and conditions apply. Reseller prices may vary. On-shelf dates and color options may vary by geography and products may only be available in selected markets. All offers subject to availability. Lenovo reserves the right to alter product offerings, features and specifications at any time without notice.
