

ACIA Aero Leasing delivers an ATR72-212 LCD Freighter to Solenta Aviation

PUBLISHED DEC 16, 2020
BY [PRESSAT](#)

The aircraft is third ATR72-212 LCD on lease from ACIA within the Solenta Aviation group.

Dublin – December 16, 2020 – ACIA Aero Leasing has delivered a further ATR72-212 LCD Freighter to Solenta Aviation. The aircraft will be based in Gabon and operate routes for the DHL West Africa network. This latest conversion brings ACIA's total regional freighter aircraft portfolio to 8 aircraft with further conversions and freighter acquisitions planned for 2021.

ACIA CEO, Mick Mooney said "COVID-19 caused some major logistical challenges in completing the conversion of this aircraft and getting it to the customer. The Technical team at ACIA did a fantastic job navigating through these issues and working with our partners at Empire Aerospace and Solenta Aviation to get the aircraft delivered".

He added, "managing this conversion process of ATR aircraft "in-house", further demonstrates our ability to manage the full aircraft life-cycle within the ACIA Aero Capital group which gives us flexibility in our portfolio during downturns like we're seeing now".

Established over 20 years ago, ACIA Aero Leasing is a regional aircraft lessor with offices in Ireland, Mauritius, France and South Africa. ACIA Aero Leasing manages a current aircraft portfolio of over 50 regional passenger and freighter aircraft which are on lease to operators in Africa, Asia, Europe and South America. Through our strategic partnerships, ACIA can provide airlines with turnkey leasing solutions from dry leasing through to full ACMI and charter operations.
