UK schools, colleges, and universities are struggling with meeting civic duty obligations, especially in light of the COVID-19 pandemic. The [SocialBox.Biz](#) Laptops for Homeless Initiative provides a win-win situation for higher education organizations who want to give back. This initiative has been in the headlines numerous times and has impacted countless lives. Still, we strive to meet the needs of the disadvantaged in our communities. It's for this reason that we are working harder than ever to inspire colleges, universities, and schools across the United Kingdom to partner with the [SocialBox.Biz](#) Laptops for Homeless Initiative.

Through this partnership, organizations can help their local communities with old tech. When it's time to upgrade, don't throw your old tech away - donate it to this wonderful cause. We hope to create partnerships with organizations just like yours to come on board and join our long-standing initiative and help us help thousands of people in need. If your organization is looking to give back, meet civic obligations, and perhaps even become more aligned with Scope 3 emissions standards, then feel free to reach out to the [SocialBox.Biz](#) team to get started today.

Check out the latest campaign from [SocialBox.Biz](#) latest to help even more people with access to a computer. By sharing this story, you could make a major impact in a life!
