We really appreciate Rosemary's support in dedicating such a special occasion to help the tinnitus community

St Albans resident Rosemary Douse, is dedicating her 70th birthday celebrations this February to the British Tinnitus Association (BTA), a charity that has helped her manage her tinnitus, a debilitating condition that affects around 15,000 adults in the St Albans district alone, and 125,000 throughout Hertfordshire.

Rosemary shared "My big birthday coincides with Tinnitus Week and as I fortunately don't need any more stuff I'd like to invite those who might have wanted to spend money on me to instead donate a small sum to my fundraiser."

Tinnitus Week 2021 is happening 1-7 February and the BTA are campaigning to make sure that everyone with tinnitus gets the right information, from the right place, at the right time. They're asking people to share their experience of tinnitus as part of their social media campaign #ThisIsMySilence to raise awareness.

The British Tinnitus Association's vision is "A world where no one suffers from tinnitus" which Rosemary fully supports. She added "The British Tinnitus Association provides support and also funds research into the causes of tinnitus and a possible cure. I would like to support this in a small way". She is hoping that her birthday fundraiser will raise vital funds needed to make sure people can access the support they need now, and fund future tinnitus research, to ultimately find a cure.

The BTA's Fundraising Officer Jess Pollard commented "We really appreciate Rosemary's support in dedicating such a special occasion to help the tinnitus community and the work we do,

and we're so grateful that she is able to use her own experience to raise vital awareness!"

Please help Rosemary celebrate her 70th birthday in lockdown by donating online at or calling 0114 250 9933 to make a donation over the phone to the British Tinnitus Association.
