Between 2000 and 2015 the government-owned Post Office prosecuted more than 700 Subpostmasters in the criminal courts using IT evidence which was later found to be the

product of an unreliable IT system called Horizon. The Subpostmasters (who run local and village branches) lost their livelihoods, savings and many were sent to prison. Some took their own lives. Many still suffer with mental health problems.

In April 2021 39 Subpostmaster convictions were quashed in a landmark judgment at the Court of Appeal. The court found the Post Office knew its system was unreliable, but hid the evidence for years. A total of 63 Subpostmasters have had their convictions quashed to date. Many hundreds more could follow. No one has yet been held accountable either for the false prosecutions or the cover-up.

Nick has been following this story for more than a decade, and has written a “factual thriller”, detailing every twist and turn.

The Great Post Office Scandal by Nick Wallis is published by Bath Publishing on 18th November 2021. Available direct from the publishers at www.bathpublishing.com, Amazon, Kindle and other booksellers. 543 pages, Hardback, £25. Ebook £8.99. ISBN 978-1-9163023-8-9

10% of the book's income will be given to Subpostmasters via a soon-to-be launched fund.

Nick Wallis is a freelance journalist and broadcaster. He has made two Panoramas on the Post Office Scandal and his Radio 4 series - The Great Post Office Trial - has won several awards. In 2020 he co-authored the Private Eye Special Report - Justice Lost in the Post - with Richard Brooks.

Bath Publishing Limited is an independently owned publishing house, active mainly in law books for both professionals and for those who are caught up in the law but need help. The Great Post Office Scandal, though a departure from their mainstream books, furthers their mission to make law and legal processes more open and comprehensible for the lay reader as the book brings to life the pressures of litigation.
