The next one unfolds.

On September 1 at their Galaxy Fold2: Unpacked Part2 event, Samsung Electronics introduced its latest device, the Galaxy Z Fold2, in captivating detail.

Not only does the Galaxy Z Fold2 come with a bigger screen than its predecessor, a feature that truly stands out once the device is opened up, but it also possesses a maximum screen refresh rate of 120Hz, a versatile Flex Mode and can fit right into the palm of your hand.

Take a look at the official Galaxy Z Fold2 introductory videos below to learn more about the device's leading features and functionalities.
