

Samsung Launches Galaxy Watch3 Titanium Merging Luxury With Durability

PUBLISHED SEP 15, 2020
BY [SAMSUNG GLOBAL](#)

Samsung Electronics today announced the Titanium model of Galaxy Watch3, with all the favorite smartwatch features, in a new distinguished design.

Galaxy Watch3 boasts all the craftsmanship of a high-end timepiece, featuring premium materials and a stunning signature rotating bezel. Now for the first time, Samsung has created a titanium smartwatch model, bringing a new design to Galaxy Watch3 that is elegant and lightweight, yet durable.

Providing a holistic and luxurious design, a premium metal strap will be included in the box. The strap comes in Mystic Black to complement the body of the smartwatch and features a texture that matches the look and feel of the Titanium model. On top of that, it is easy to adjust the strap length, so no matter the wrist size, the Galaxy Watch3 Titanium will fit perfectly.

Galaxy Watch3 Titanium boasts all the favorite features of Galaxy Watch3, packaged in a sleek and premium design. In addition to the luxurious design, the Titanium model of Galaxy Watch3 is a versatile offering that combines a comfortable fit with a comprehensive health and wellness experience.

Under the hood, it is packed with advanced health monitoring features, including blood pressure¹ and ECG monitoring² as well as other fitness and wellness capabilities – including blood oxygen (SPO2) tracking,³ home training programs and sleep management – to help comprehensively manage the users' health, even from home.

Galaxy Watch3 Titanium will be available starting from September 18.⁴ At launch, it will come in a 45mm Bluetooth

variant in Mystic Black.

For more information about Galaxy Watch3 Titanium, please To ensure accuracy, users should calibrate their device every four weeks with a traditional blood pressure cuff.

2 The blood pressure and ECG monitoring features are currently available in South Korea, both cleared by South Korea's Ministry of Food and Drug Safety.

3 This device and related software are not intended for use in the diagnosis of disease or other conditions, or in the cure, mitigation, treatment or prevention of disease.

4 Availability varies by market or operator. All functionality, features, specifications and other product information provided in this document including, but not limited to, the benefits, design, pricing, components, performance, availability, and capabilities of the product are subject to change without notice.
